

RIDE HARD

BREATHE EASY

A Message From Our Founder

Hello everyone,

We were recently inspired by a lung cancer patient we helped:

"I live 20 minutes from Temple, and experience shortness of breath. I need to take three buses to receive my treatment, resulting in a two-hour bus ride each way. My doctor insisted there are no delays in my treatment, so with the help of RHBE, arrangements were made so that I could still receive my life-saving treatments."

It feels so great to know we are making a difference, and it is your support and kindness that makes it all possible. We recently announced another partnership, this time with Dartmouth Cancer Center. They are the 7th organization to be in the Ride Hard Breathe Easy family, and we are excited to help lung cancer patients at this amazing organization.

With warmer weather coming, we hope to see you soon, whether on a bike, at a wine event, or on the golf course. There is a way for anyone to join, and you can learn more at www.rhbe.org/events!

- 3rd Annual Pelofondo April 22 and 23
- Quarterly Sip-a-Long April 27
- 5th Annual Evening to Breathe Easy May 18
- 1st Annual RHBE Golf Outing June 19

And as we set our ambitious goals for 2023, I am reminded of something that Mother Teresa said, "None of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful."

We hope you pedal, sip, or swing with us over the next few months, so together, we do something wonderful for lung cancer patients!

John
