A Message from our Founder

Hello RHBE Community!

Jack Owens has ridden over 3,100 miles, and he will be arriving in Ocean City, NJ, on Sunday, July 6th! Join us at 34th and the Beach at 11 AM to celebrate this incredible young man who is wowing everyone!

In April, Lisa Etkins, Rachele Lee, and Cristina Dolchin also wowed us with their 5th Annual Ride Hard Challenge, pedaling 100 miles on their Pelotons again, this time raising over \$14,500!

And while the golf outing was hampered by rain, the leadership of Brendan, John, Jim, and Jack once again nailed it this year, making it our most successful RHBE Golf Outing to date.

Additionally, we are saddened by the recent closure of Crozer Health. Ride Hard Breathe Easy has worked with Crozer Health since 2021, and we are forever grateful to Patti Hollenback and Dr. Rachelle Lanciano for their unwavering commitment to helping lung cancer patients. It was an honor to work with them for the past four years, and we wish everyone at Crozer Health the very best.

Lastly, our 7th Annual Evening to Breathe Easy is coming up on Thursday, October 9th at Morris Arboretum where we will have so much to celebrate with our partner cancer centers. We hope to see you there!

John
